The WHAM 4-H Club invites you to come enjoy of STEM related activities to help your imagination grow! We invite all Western Heights families and Oklahoma County 4H families! **These activities will be geared toward children 9-14 years old.**

We have several Oklahoma County 4H Clubs working together to provide you with a day of FREE, Brain Building, fun activities!

What is STEM? Activities that teach you more about Science, Technology, Engineering and Math!

These are the different things that we will have to learn about on May 7th!

- The digestive system of a horse! (with a live horse!)
- An egg drop challenge
- Robotics and computer coding challenges
- Egg Drop challenge
- Egg Crate gardening (you will plant things to take home!)
- How much sugar is in my drink?
- The Science of fire.
- How EMT and the Police use Technology
- Save me from the Slime!
- Particles are everywhere.
- Sessions will switch every 30 minutes!
- Free goodie bags with STEM related items will be sent home, while supplies last!

See you on May 7th @1:00 PM

Bring the whole family!

Parents required to stay with children under 16!
