Sciencing On Saturday

Sciencing on Saturday, or S.O.S., is a day full of STEM (science, technology, engineering, and mathematics) activities hosted by a local home school robotics team, The Ninja Munkees. This event is a fundraiser for the team, as well as a chance to educate students about STEM. Students will learn about robotics, wind power, and engineering through interactive activities. Visit okcrobot.com for more information.

July 20th, 2019

From 9am-3pm

1st-6th Graders

Held at OSU Extension Office

\$70 per Student
